

Guitar Practice Calendar

This calendar was created for YOU!

Put a checkmark, a star, a sticker, or anything else you wish on each day of the month you practice your guitar. It's a great way to help you keep track of your true practice habits and also to find out if you need to increase your practice frequency. If you choose, you can even write in the number of minutes for each day that you practice.

Remember the most important thing... have $\underline{\mathit{fun}}$ with your practice 0

"The more you practice, the better you become. The better you become, the more fun you have!"
